

northeast

Architectural elevation drawing of the northeast side of a building. The drawing shows a two-story structure with vertical siding. The upper story features seven small, square, double-hung windows. The lower story features four larger, double-hung windows. A chimney is visible on the right side of the roofline.

This architectural drawing shows the front elevation of a house. It features a gabled roof with a chimney on the right side. The facade is composed of vertical siding. A large, multi-paned window is located on the left side of the front wall, and a double door with a transom is on the right. A horizontal dashed blue line indicates the finished floor level. The drawing is a line art representation with some hatching for shading on the roofline.

Ground Floor

Main Reception Room

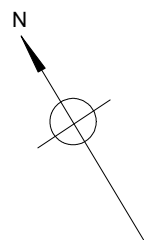

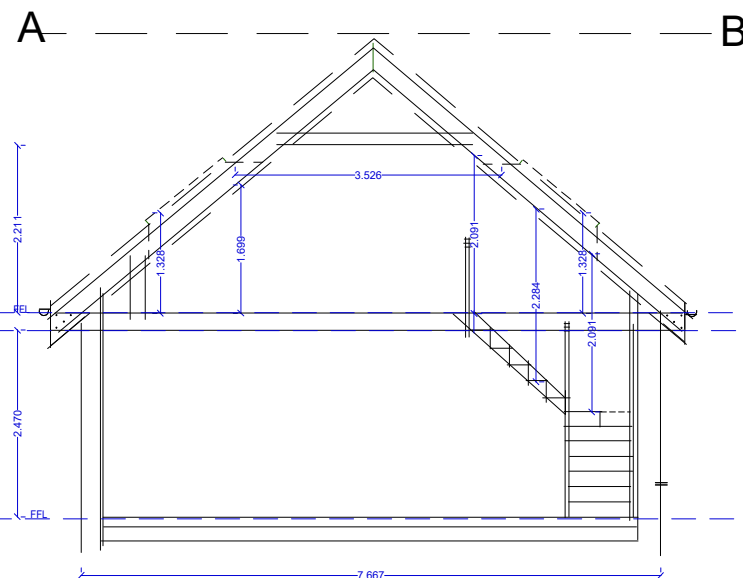

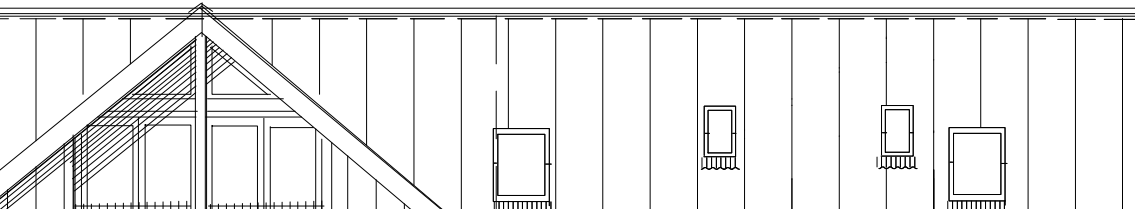

Hall

Kitchen/Diner

Office / Utility/ Boot Room

This architectural floor plan illustrates a three-bedroom residence. The layout includes a central hallway with a staircase leading to an upper level. To the left of the hallway is Bedroom 1, which features a window seat and a door leading to a balcony. Adjacent to Bedroom 1 is a bathroom. To the right of the hallway is Bedroom 2, which contains a window seat and a door leading to a balcony. Further right is Bedroom 3, which also has a window seat and a door leading to a balcony. The plan includes various fixtures such as beds, wardrobes, and a window seat in each bedroom. A dashed line indicates the 'Extent of headroom' in several areas. The overall design is symmetrical, with the central hallway acting as the main circulation space.
